AGFL428

A close-up photograph of a heavily rusted metal surface. The surface is covered in a dense, mottled pattern of orange, red, and brown rust, with darker, more solid patches of corrosion interspersed throughout. The texture is rough and uneven.

AGFL427

A close-up photograph of a diamond plate metal surface. The pattern consists of a grid of raised diamonds. The color is a dark, mottled grey or black, with bright orange and yellow highlights along the edges of the diamonds, suggesting a flame or heat treatment effect.
